

SOMERSHAM & DISTRICT COMMUNITY ASSOCIATION

The Pavilion, Somersham Playing Field

May 2023 report

The Community Association is very pleased to say that the activities on the playing field are being well attended.

The shed purchased last year to assist with the storage issue is extremely useful. This is being used by the Youth Club and the football teams.

The Football Youth session on Saturday mornings are always very popular, even when it is pouring with rain! The senior Football teams are doing well with the 1st team placed near the top of the 1st division.

The Youth Club is now well established with excellent attendance and will be restarting on May 11th. They now have a usual attendance of around 30 children.

The bridge access to the playing field near the car park has now been replaced.

A separate committee has been looking at refurbishment/replacing the play equipment. A new piece of equipment has been chosen by the pupils of Somersham School. A preferred supplier has been selected and applications have been made for grants for the new capital expenditure.

Anne Macfadyen

Secretary - Somersham & District Community Association
